A Glimpse into Our World of Innovation

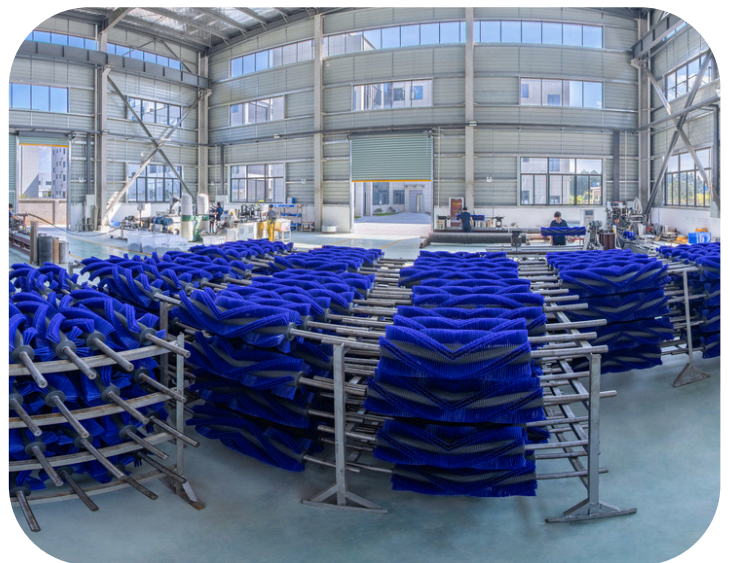

Founded in 2021 in Qianshan, Anhui — a town renowned for its brush manufacturing heritage — Rollox Brushes combines craftsmanship and innovation to produce durable, high-performance brushes for industrial and agricultural use.

From design to delivery, every step reflects our focus on quality, reliability, and continuous improvement.

Our Story

Rollox Brushes began with a simple goal — to make reliable, responsibly made brushes more accessible worldwide.

We deliver factory-direct quality and flexible OEM options, while upholding fair wages, safe workplaces, and sustainable production.

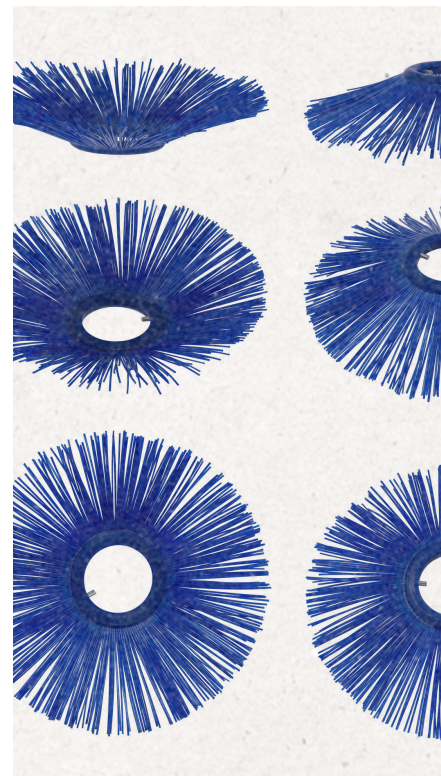

About Our Products

At Rollox Brushes, we design and manufacture industrial and agricultural brushes built for durability and performance.

From cow grooming to street sweeping, snow removal, and drill cleaning, our products are crafted to meet the demands of diverse working environments.

Our Product Range

- Cow Brushes – promoting livestock comfort, hygiene, and productivity.
- Road Sweeping Brushes – durable solutions for streets, farms, and industrial yards.
- Snow Brushes – reliable performance for clearing snow and maintaining safety.
- Drill Brushes – efficient tools for thorough cleaning and surface preparation.

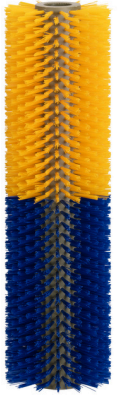

Cow Brushes

DESIGNED FOR LIVESTOCK COMFORT AND HYGIENE, ROLLOX COW BRUSHES KEEP ANIMALS CLEANER, HEALTHIER, AND MORE PRODUCTIVE.

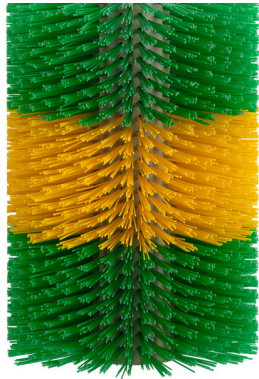

- Inner core: Reinforced polypropylene for maximum durability
- Bristle material: PP or PBT — both resistant to wear and deformation
- Sizes and mounting types: Fully customizable
- Application: Suitable for cows, buffaloes, and other livestock

RB-C01 STANDARD COW BRUSH

◆ TOUGHMAX SERIES

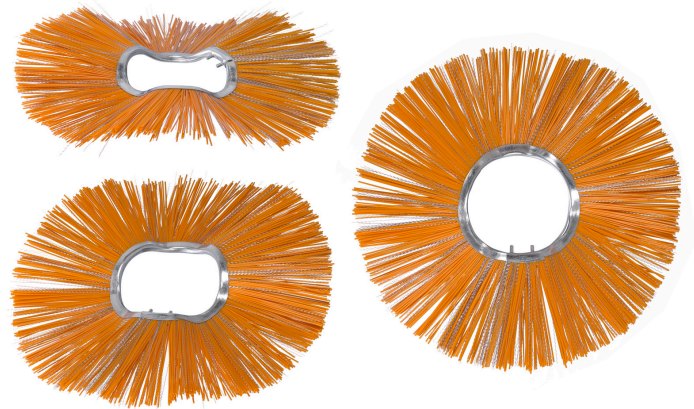

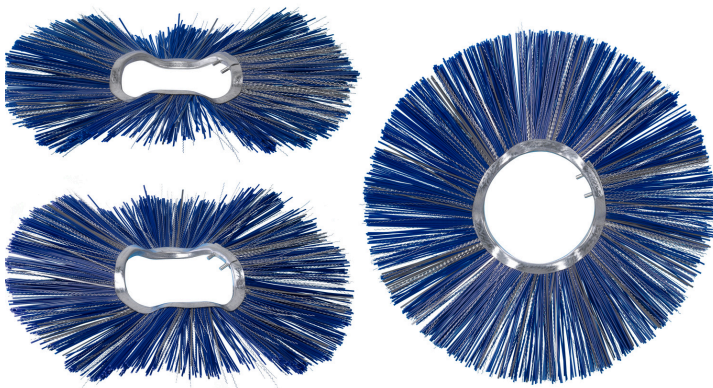

Snow Brushes

ENGINEERED FOR HEAVY-DUTY SNOW AND ICE REMOVAL, ROLLOX SNOW BRUSHES DELIVER RELIABLE PERFORMANCE AND LONG-LASTING DURABILITY IN HARSH WINTER CONDITIONS.

- Core material: Galvanized steel strip or PBT
- Bristle material: Durable plastic bristles — tough, resilient, and resistant to wear
- Shape options: Flat or convoluted
- Size range: Inner diameter 76–495 mm, outer diameter customizable
- Compatibility: Suitable for sweepers such as Schmidt, Boschung, Weihai Guangtai, and other major brands

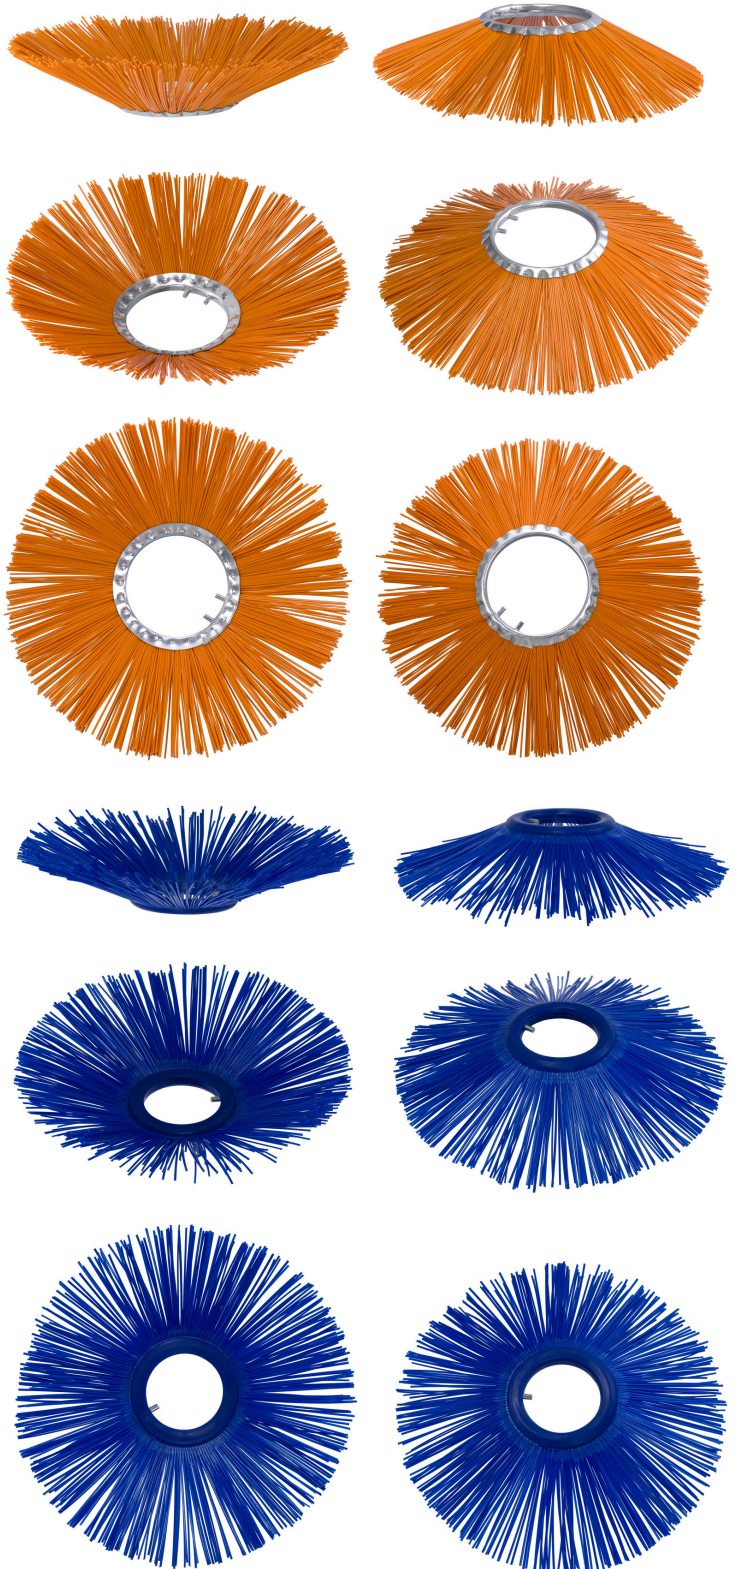

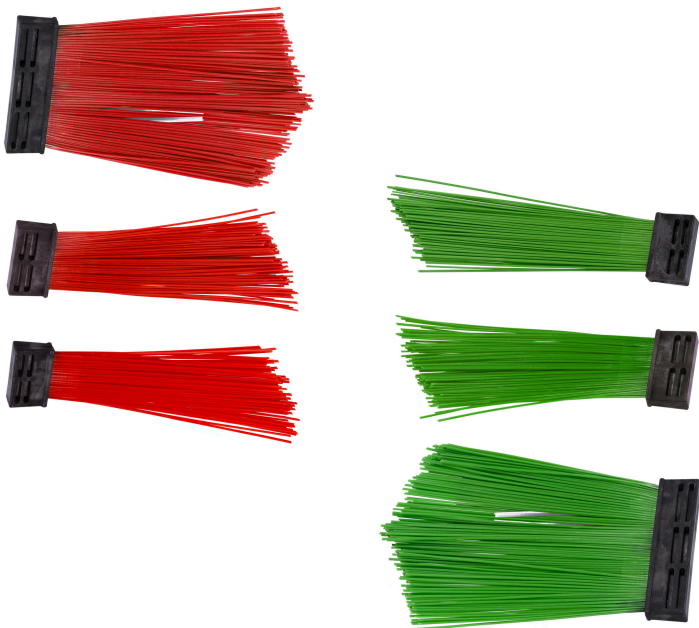

Sweeping Brushes

DESIGNED FOR STREET, FARM, AND INDUSTRIAL CLEANING, ROLLOX SWEEPING BRUSHES PROVIDE DURABLE PERFORMANCE AND CONSISTENT RESULTS EVEN IN DEMANDING ENVIRONMENTS.

- Core material: PBT or galvanized steel
- Bristle material: Durable plastic bristles — strong, flexible, and wear-resistant
- Sizes & shapes: Available in various diameters and thicknesses (100–700 mm) to fit different sweepers
- Compatibility: Suitable for Bobcat, CAT, Case, Dulevo, Johnston, and other sweeping machines
